SARAH J. HALE VOCATIONAL HIGH SCHOOL

Volume XXXIV, No. 2

April 1963

Brotherhood Lives at Sarah J. Hale

Foreign Students

Warmly Welcomed

The Brotherhood Assembly turned out to be an exciting and enjoyable forty five minutes for the girls of Sarah Hale. They had the pleasure of meeting two foreign students on tour of the United States, Francisco Trincia of Italy and Steven Mwazige of Kenya.

Seventeen year old Francisco, who lives near Rome, told us about the Italian schools and explained that he must attend school six days a week and do about five hours of homework each day; however, he can enjoy a three month summer vacation. Frank stated in his speech, "During Brotherhood Week, we should be reminded to have a feeling of love and friendship and to understand that we are all the same since we are human beings." "Remember brotherhood always," he urged, "not just for one week."

The second boy was a student from the coast province of Kenya, Steven Mwazige who attends Alliance High School there. "The schools in Kenya," Steven said, "go up to the 14th grade." Steven, therefore, has an education equivalent to the second year of college in the United States. "Kenya schools are competitive," said Steven, "because there are not enough schools for everyone and there is little money and few teachers." When he was asked his impression of the U.S.A., Steven replied warmly, "I am very impressed by your love for freedom, hard work, and your friendliness."

These two young men certainly contributed toward the stimulation of brotherhood among the girls of Sarah Hale who were stirred by these sincere speeches.

Ursula Pitti

Girls of Sarah Hale extend hands in friendship to visitors.

Old and new members of the Leaders Club smile happily after ceremony.

Brotherhood Press

Council Attended

Damaris Merced and Maria Lopez attended the third meeting of the High School Student Press Council which was sponsored by the National Conference of Christians and Jews and the Council. The guest speaker was Mr. William of the Board of Education. The Council discussed ways in which people can learn to better human relations. The dangers and cruelty of prejudice were also considered. "Brotherhood is from the heart," stated Mr. William.

Mr. Vincent Bowditch, Director of Mass Media National Conference of Christians and Jews discussed the problem of "What a Newspaper Can Do to Better Human Relations". The students of the Council were encouraged to use their school newspapers as the media for fostering brotherhood in the community as well as in schools. Following these suggestions, the "Green and Gold" of Sarah Hale used the theme of brotherhood for this issue.

D.Merced

Leaders Club

Conducts Installation

On a bright winter morning this term, new leaders were installed into Sarah J. Hale's Leaders Club.

Among the many guest speakers in the program was Mrs. Roundquist, chairman of Health Education at Grover Cleveland High School, who undoubtedly stimulated the girls to strive toward better leadership. Marion Coleman described the history and ideals of the Leaders Club to those in the assembly and then the new leaders walked proudly to the stage as their names were called.

These girls were selected for leadership because they were outstanding in behavior, attendance, promptness, scholastic rating, appearance, and service to the school, as well as in their sportsmanship.

The assembly program was beautifully planned and executed under the direction of Mrs. Hume, the adviser of the Leaders Club.

"A CHALLENGE CLOSE TO HOME"

I am sure that we all feel we know the true meaning and purpose of "brotherhood". But do we? Let us question ourselves and think about what it truly represents.

Brotherhood is more than a word. It is a feeling of oneness. It involves respect and regard for our fellow man, regardless of race, creed or religion.

It is strange that we should have to be reminded of brotherhood. It would seem that as human beings we would naturally respect another's way of life. Ridicule and prejudice indicate ignorance and fear.

Let us not be too quick to answer yes to the question, "Do you understand the true meaning of brotherhood?" For there is a great deal to be understood before we can truly answer yes.

We as students of Sarah Hale are very fortunate. We have the opportunity to practice brotherhood everyday of our lives. Look around you. Who are your classmates? Who are your friends? Who are your teachers? Yes, we have established in our school an environment that creates a feeling of oneness. This is the theme of brotherhood.

FACULTY FACTS

Meet some of our new faculty members, four women and one man!

Mr. Roger Goldstein of the Beauty Culture Department is the proud father of two children. He came to Hale this term and thinks that all his students are nice girls. Although he enjoys his work as a teacher, he also enjoys sailing, chess, billiards and handball.

Mrs. D'Agostino (surprise!) is the sister of Mrs. Pella, also in the Beauty Culture Department. Mrs. D'Agostino can hardly help but enjoy rock 'n' roll surrounded by her fifteen year old son and eight year old twins. She attended Sarah Hale and after graduation from a private school, opened a beauty parlor. She plans to attend New York University in July for advance courses.

Miss Rubinstein teaches history and economics to the 6th and 8th term students. She was graduated from Syracuse University and has taught at Thomas Jefferson. She enjoys tennis, skiing and swimming as well as music and dancing.

Miss Barbara Lipton comes to us from the Baruch School of City College and is presently teaching shorthand, typing and record-keeping to 4th term and exploratory students. She finds our girls pleasant and well behaved. Miss Lipton likes listening to jazz music.

Mrs. Greenberger, a new addition to the Science Department, stated that before her marriage she enjoyed skating and swimming. Right now her only hobby is reading. Having taught previously at Prospect Heights High School, Mrs. Greenberger enjoys her work at Hale and finds the girls very nice.

Miss Kasper, on the Health Education staff, is a graduate of Brooklyn College. She hopes to complete her Master's Degree in Health Education in June. Miss Kasper enjoys playing the guitar and singing and also molds clay in her spare time.

Miss Drew's Corner

March

Dear Girls,

We all have heard many, many times about the very inclement weather we have had this past winter. Although we did not have any deep snow, we did have extremely cold days, wet days and very windy days.

It was good to know that except for those girls who became ill and were absent because of the weather, very few other girls stayed away from school because of the bad weather.

Now the fine spring weather is heading our way. You will be able to spend more time outdoors and enjoy good health. You then should be able to study and work harder so that when June comes, everyone of you will be able to take home with you a report card that tells of your success in your lessons, your attendance and punctuality and your good conduct.

You and all your family will be able to enjoy a happy vacation.

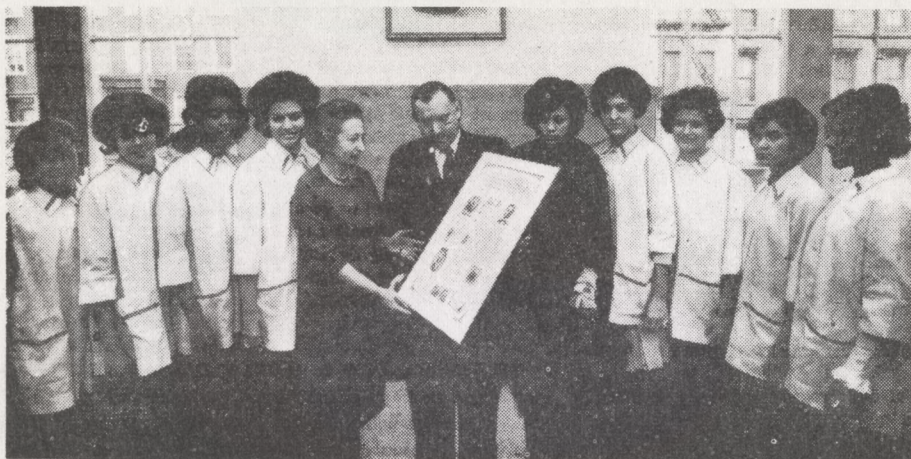

Most sincerely,

MARY L. DREW
Principal

G. O. Store Sells Many Articles

Girls, how is your spelling? Just as I thought! Well, the school store has a new looseleaf dictionary to fit your notebook. Think how convenient it would be to be able to look up any difficult word immediately.

The store also has lovely Sarah Hale bracelets and pins. G.O. members should watch for sales and discounts on items. Visit the store and browse around.

In presence of students at Sarah J. Hale High School in New York, Howard Feitel, of ILGWU Union Label Department, presents framed lithograph of recent union label ad which highlighted Sarah J. Hale's contribution in setting garment styles decades ago and in making Thanksgiving a national holiday, to Miss Frieda Sherman, of school's Fashion Arts Department, at special ceremony.

FASHION MERRY-GO-ROUND

by Rose Ann Guida

The Fashion Arts Department was proud to receive a framed lithograph of a recent union label ad which highlighted Sarah Hale's contribution in setting garment styles years ago. The presentation was made to Miss Sherman by Mr. Howard Feitel of the International Garment Workers Union at a special ceremony. The display can be seen on the third floor of our school.

The freshmen are working on their ponchos, the sophomores and juniors on their dresses, and the seniors on their ensembles and suits for the big fashion show which always highlights the spring term at Hale.

Mrs. Clarke sponsored a Valentine's Day Contest in which all Costume Design girls participated. Each girl had to design costumes on half scale figures which were exhibited in the store window and viewed by the public. The winners were Sonia Vivas, Paula Colon, and Elba Nazario.

Dorothy Pelic, one of our juniors, is this year's representative to the Abraham & Straus Teen Fashion Board. She had the pleasure of modeling in a fashion show at A & S and we certainly are proud of her.

SCIENCE AND MATH DEPARTMENT

by Joann Hartfield

Science Fair

The Science Fair was held on March 23, 1963. There were exhibit centers in the five boroughs and we made two entries which were the work of Lucille Schettino, Joan Podlaski, Barbara Savini and Anita Perez, all sophomores. One of the exhibits was called "High Speed Mathematics" and the other "Magic Squares." All exhibits were judged on the basis of accuracy, originality, technique, skills, timeliness and presentation.

New Laboratory

The Science Department is proud of its bright new laboratory with all its modern equipment. Visit this latest addition to Sarah Hale on the third floor, Room 310.

Audience Keenly Interested

To Smoke or Not to Smoke!

Under the sponsorship of the Science and Mathematics Department, the senior and junior classes saw a film dealing with the dangers of smoking. The film indicated that most lung cancer patients were smokers and had been smoking for many years. Besides being very interesting, this program stimulated many of the girls to ask themselves whether or not smoking was worth the danger involved. Certainly those who were intelligent and honest with themselves realized that no pleasure was worth giving up a full and healthy life.

"UNDER THE DRYERS"

by Therese Martinsen

Girls, did you know that each day the Beauty Culture Cosmetic Corner has a "daily special"? Well, they do and you can get in on it by coming in and seeing the many different cosmetic products by Revlon and the less expensive products by Lori Daniels. Now that spring is here, it's time for a blossoming new you! Freshen up your hair and face with some enchanting new products. Incidentally, Mrs. Gimplowitz will be happy to consult with you on any personal beauty problems at the Cosmetic Corner.

During the remainder of this term there will be interclass hair styling contests. The fourth term girls will be having finger-waving contests. Mrs. Pella's 6th termers will be judged in a contest on originality of style.

Last term Mary Ann Yetto won inter-class competitions among seniors and was selected to participate in the City Wide Vocational High School Contest.

Three of our beauty culture seniors were selected by a written test to represent our school in the Realistic Company Charles J. Kutill Scholarship. The winners were Bessie Dotson, Barbara Salta, and Roberta Saville.

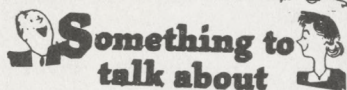

ACADEMIC DEPARTMENT

The senior students at Sarah J. Hale High School received a treat. Mr. Lewittes escorted them on a trip to see "Macbeth". The two and one half hour performance was held at Clara Barton High School. There was no charge for admission to this performance which was professionally done. I am sure they enjoyed it and were very happy to have been able to go.

ANNEX CHATTERBOX

A TRIP TO CLAIROL'S COLOR CENTER

G. Williams - 61P
Diane D'Apice - 61P

When we entered the Clairol Color Center, we entered the world of color. Clairol maintains a public instruction center for students or licensed beauticians. We were instructed by technicians in a very modern classroom in the Center at the Hotel Statler Hilton.

Our class was shown and instructed how to give a Miss Clairol and a Lady Clairol. We learned how to use many of their products, such as "Silk and Silver", "Loving Care", and "Sparkling Color".

We learned that before a permanent or semi-permanent color is given to a patron, a patch test must be given twenty four hours before the treatment is given. This is a ruling of the Federal Food and Drug Act.

The last day we attended class we were given the Clairol's written examination to test our knowledge of their products. We were also supplied with a big envelope that had a lot of information and color charts of the Clairol products that are worth having.

The technicians and other people of the Clairol Company are all people that we will never forget.

Hurrah!

ATTENDANCE

For the first period, Room 501 - Mr. Shayovich - had the highest attendance with 87.2%. We wish to congratulate all classes. Despite the illness and inclement weather, all classes are doing well.

Perfect attendance records from September 1962 to January 1963 were achieved by the following girls:

3rd term - Beverly Ajosa, Maria Fiumano, Susan Groman, Rosemarie Verdi.

5th term - Angela Gandioso, Maria Regolizio, Cynthia Somma, Geraldine Williams.

Highest averages for the term just completed were achieved by: Judith Quinones - 86% - 3rd term
Annette Bianco - 90.4% - 5th term

Congratulations to all award winners.

FROM MY POINT OF VIEW

My first six months in Sarah Hale have been most pleasant. I feel that the faculty is doing a fine job.

Our beauty culture rooms are well equipped with everything necessary for us to learn our trade. Our subject rooms are also equipped with books for math., science and English. Our art room has art supplies and the proper materials for our needs. We are grateful to have a large gym, supplies for ball playing, and a victrola and records for dancing.

We are most fortunate to have Mr. Gaston come over to the Annex every Monday so our girls can have a music period, and I am sure they all enjoy it because it's a change from the rest of the week.

We all work hard to keep our bulletin boards up to date with the latest news. As our first year at the Annex is gradually drawing to a close, we look forward eagerly to our next year when we'll be the Juniors of Sarah J. Hale.

Lorraine Joyce - 41P

INTRODUCING MISS PRIOLO

There's a new face around the Annex and it belongs to Miss Sarah Priolo. This is Miss Priolo's first year of teaching in a vocational high school.

Miss Priolo is a beauty culture teacher and she teaches the 4th term students. Although this is her first experience teaching in a school such as ours, she has been in the trade for fourteen years.

Miss Priolo is a graduate of Sarah J. Hale and attended our Annex. She started working while in school and worked her way up from a clean-up girl to a hair stylist. She also managed a shop, worked as a demonstrator and was a technician at many hair style shows.

Miss Priolo finds the majority of Hale students very cooperative and friendly. In our opinion, the Annex is very lucky to have her on our staff.

Ann Marie Rella - 61A
Donna Imburgio - 61A

THE G.O.

G. O. DOINGS

The Annex students have started an intensive one week campaign to raise money to improve our school and provide recreation for the girls. We are all participating in a magazine selling drive. The girls have entered into the campaign with enthusiasm.

At our last assembly program, a representative of the company showed some of the prizes that can be won.

The girls are all enjoying this experience in salesmanship, and this novel way of raising money.

We are planning to hold a dance sometime in the near future. By selling five dollars worth of subscriptions, a student wins a free ticket to this affair which will be sponsored by the G.O.

Francine Micciche - 61A

SPRING

The winter is fading,
Spring is so near,
The birds are coming,
They soon will be here.
We'll miss all the fun of the
snow and the ice,
But Spring brings the weather
that's ever so nice.

Ann Marie Rella - 61A

BROTHERHOOD ASSEMBLY

The Brotherhood Assembly was based on the meaning of brotherhood, and what brotherhood means to people of other countries and different faiths.

Class 61A was responsible for the entire program which consisted of selections on the meaning of brotherhood among different faiths, a definition of brotherhood, the American's Creed and a poem, "We Believe".

Ann Marie Rella read an original composition titled, "The Word". Appropriate songs were sung which added to the enjoyment of this inspiring program.

Many thanks are due to Mrs. King and Mr. Gaston who coached the performance.

Anna Caradonna - 61A

Of Shows and Show People—

Soultana Fouassis

JOHNNY MATHIS

MEET JOHNNY MATHIS

Johnny Mathis is a shy but determined young man. At least that was the impression we got when Therese Martinese and I interviewed the top recording artist at the Copacabana.

Talented Youth

Johnny was Born September 30, 1935, in a basement apartment in San Francisco. He attended George Washington High School and then San Francisco State College where he achieved fame as a high jumper. Johnny's singing talent first became evident when he was 8 years old; however, his parents did not have the money to pay for

his voice training. Fondly, Miss Connie Cox, who gave free lessons to talented youngsters unable to pay fees, trained Johnny. Although he wanted to become a physical education instructor, a team mate of Johnny's, John Bologna, obtained an audition for Johnny with a tavern owner.

Embarks on Singing Career

Johnny began his professional career with his job as a singer in that tavern. His salary was \$10 a night for Fridays and Saturdays, but he soon got a steady position as a result of the audience's approval of his talent. In 1955, Johnny was heard by Mrs. Helen Noga at a jam session, and she became the manager who set in motion the chain of events destined to make Johnny Mathis a top recording singer.

Johnny is at the top now, but still finds time to serve his fellow man. He is scheduled for a one week good will tour of Africa for President Kennedy. This young 135 pound, 5 foot 10 inch man can't help but spread good will with his warmth and charm. This is Johnny Mathis.

We Have School Aides⁵

Standing: H. Weinstein, E. Rowe, I. Goetz, H. Baron.
Sitting: M. Mehr, J. Cretella, E. Gottlieb, R. Tillin.

Have you been wondering who those ladies patrolling the hallways are? Well, they are teacher aides and they perform important and useful functions in our school. They have relieved many of our teachers from building assignments such as hall patrol and lunchroom supervision.

The aides work in shifts from 8:30 to 12:30 and from 10:30 to 3:45. There are eight aides who applied to our school for these positions and they all had to have a high school diploma and pass a physical examination given by the Board of Education to be accepted for the job. They also had to be interviewed and approved by Miss Drew.

Our school is among the many schools in the city now enjoying the benefits of having teacher-aides. We should all be grateful to these pleasant, helpful and hardworking women, and cooperate with them so that our school can function smoothly and efficiently.

S. Roman

D.E. NEWS FILE

by Nydia Maldonado

Word has reached us that the DECA (Distributive Education Clubs of America) inter-school student's contests are, for the first time, part of the D. E. Council's activities. DECA students have the opportunity to enter such contests as job interviews, advertising, sales demonstrations, window displays, D.E. Mathematics and public speaking.

The D.E. Department will conduct an assembly program early in May which will deal with problems in law. The program will consist of several short plays that take place in a courtroom. The students participating are from Mr. Ginsberg's senior law class.

D.E. seniors who are interested in furthering their education attended City College on March 15 and Bronx Community College on April 3 as part of a "Career Conference Program." In addition, junior NOMA students are going to the Pepsi Cola Company on April 26. These girls are treated as guests of the business firms and are informed of the workings of the companies.

HALE'S GIRLS HEAR FROM ARMED FORCES

"Uncle Sam Wants You!" Don't get panicky, girls. This statement merely means that Uncle Sam would like you to join the service for a worth-while career. At our March 29th assembly program, our school was honored by guests, Sgt. Williams of the U. S. Marines and Sgt. Foran of the U.S. Air Force, who discussed the qualifications and advantages for women who serve in the Armed Forces.

Although the six to twelve weeks of basic training for women are not the same as those for men (no 30 lb. sack on your back or 20 mile hikes), there is some physical activity involved as well as that of getting up at 5:30 in the morning. The main part of Basic Training is 90% class work such as English, Basic Mathematics, filing and typing. When this training is over, all the "hard" work is finished

and your regular work day starts. At this stage of your military career you will be classified as a soldier of our United States. Incidentally, girls, no one is accepted into any branch of the Armed Forces without a high school diploma, so if you have any dreams of glory, you had better buckle down and do some work right now.

Ursula Pitti

General Organization Sponsors Clubs; Includes Variety Of School Activities

ACADEMIC COUNCIL

The Council meets every other Wednesday in the Tea Room under the supervision of Mr. Lewittes. This term they are sponsoring a Book Jacket Contest and an essay contest on "What Brotherhood Means to Me." If you wish to become a member of the Council, see your English or history teacher.

G.O. COUNCIL

What's going on in the G.O.? Well, for one thing, Mr. Erman, G.O. adviser, has been planning a big surprise for us. Only G.O. members will be able to share in the fun, therefore the deadline for joining the G.O. had been extended to April 11th. Don't forget - all members are entitled to all discounts at the school store, as well as at places of amusement. Incidentally, in order to qualify for any position of school leadership, you must be a G.O. member. How about it girls?

CHORAL CLUB

The Choral Club has a membership of 59 girls at present, and these girls will be quite busy this term. On the agenda are trips to the new Philharmonic Hall and to see "West Side Story."

D. E. COUNCIL

The Council and its 100 members are planning many activities for this term. On the agenda is a trip to Metropolitan Life Insurance; a dance in May for members only; a talent show; a panel discussion; films; and D.E.C.A. (for the first time part of the Council's activities) which will compete with students from other schools.

NEWMAN CLUB

The Newman Club for Catholic girls meets for 30 minutes once a month after school. Reverend Newman attends the meetings and is willing to answer questions girls may have about their religion. He sometimes brings Catholic magazines or booklets. Miss Hutchisson is faculty adviser of the club.

YEAR BOOK STAFF

A staff of seniors is working diligently on Sarah Hale's yearbook. This year's theme is "City Hale." The book costs \$1.25 for those who are not seniors and wish to purchase it. Under the direction of Mr. Schiller, staff members are Brenda Webb, Diana Owens and Barbara Salto.

HONOR SOCIETIES

To become a member of the Honor Society you must have an 85 average for 2 terms and pass all major and minor subjects. All medical and dental notes must be up to date, and attendance record must be good. In addition you should show an active interest in school functions. Subject teachers are character references. How about it? Do you qualify?

HALE TEEN FASHION GROUP

New girls have been recommended for the "T.F.G." this term on the basis of their good appearance and attitude. The president of the group, Dorothy Pellic, modeled at a fashion show in Abraham & Straus, and the girls attended the School Art League Program on Saturdays. These girls certainly lead an interesting and exciting life as members of Hale's Teen Fashion Group. Wouldn't you like to be a member?

LEADERS CLUB

The Leaders Club is preparing A Volleyball Play Day. Mabel Dean Bacon and Clara Barton will send representatives. The club is selecting representatives to attend the Leaders City Wide Luncheon at the Brass Rail Restaurant in May. They also plan to send two officers to the Leaders Week End. Join and have fun!

Roving Reporter

Elaine Thompson
Daisy Pijoan

Question: If you had one wish to be granted, what would you ask for?

Barbara Siverson -21A I wish I were out of school, working, so I could make money to buy lots of beautiful clothes and a car.

Mary Passantino -81A I wish my boyfriend will always love me and be true to me, not only now but even after we get married so that we can have a happy life together.

Mary Lee Decker -44P I wish I were finished with school, holding my diploma and a beauty culture licence, because I want to go out and work and make money.

Frances Cotto -64P Oh, I don't know..., um..., well, I wish I were out of school working in a famous, exclusive beauty shop because my ambition is to be a great hair colorist.

Sonia Payne - 62A I'd wish that I were a supervisor of nurses in a big Brooklyn hospital.

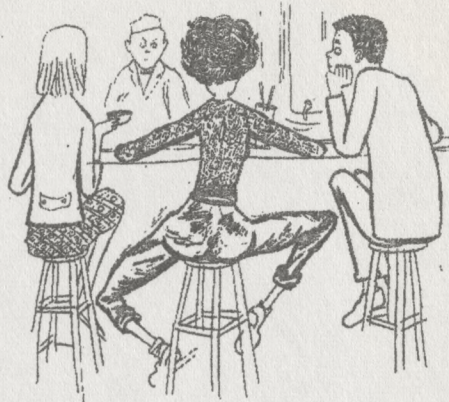

Library Has Added Books

This year the library has received 203 new books and more are coming. We have also received about 40 new magazines, and the Scherman Foundation contributed 21 books to our library. Early in April we will celebrate National Library Week. Visit our library, and read. Remember - Readers are leaders!!

Too much bangle and bracelets that jangle -
She can't resist them; but who'd ever miss them?

Avoid any scenes of you in tight jeans.
Can't you see in his face, you've fallen from grace?

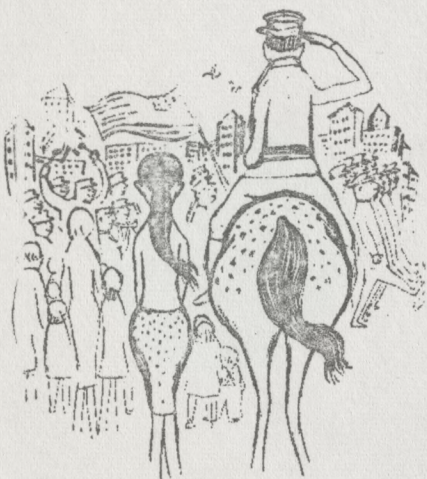

She's dressed to the gills in flowers and frills,
But the saccharine act is quite cloying, in fact.

HOW NOT TO LOOK IN SPRING

Reprinted from Ingenue Magazine,
courtesy of the Ingenue Student Press Service.

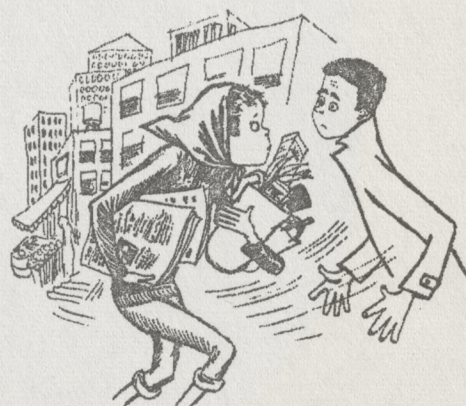

The morn you're a mess from toe to tress
May just be the day you're on public display!

Pony tails have had their day;
"A sweeter you" is here to stay!

When your bag is so loaded you hardly can tote it,
Begin spring cleaning with proper purse preening.

Boys don't like girls who go out in pin curls;
Till your hair looks just right, keep it ALL out of sight.

Drawings by Susan Perl.

Catherine Gouldsbury displays the trophy she won for her excellence in basketball.

Standing: Bernardo, Iaci, Margosian, Fiscina, Nastro.
Sitting: DuBose, Dotson, George.

HEALTH EDUCATION DEPARTMENT

Miss Sherman, the chairman of the Department of Health Education, stated that she doesn't see why any girl should fail gym. Gym is a required subject for graduation. The main purpose of gym is to keep the students physically fit. Gym, health instruction and first aid are all included in the health education program. Miss Sherman stressed the point that girls should take as much interest in their appearance in their gym class as in any other class. A clean gym suit, white socks and sneakers, and a willing attitude to learn physical fitness are essential.

Catherine Gouldsbury, a student of our junior class, was pictured in two newspapers for her excellence in a Basketball All Star Game in which she scored 12 points. This game is sponsored by the C.Y.O. every year. Catherine's team, the South West Deanery, won an eight inch trophy and the opposing team won a six inch trophy. Catherine was also complimented by our principal, Miss Drew.

C. Richardson

SARAH HALE SENIORS MAKE GOOD

GOOD LUCK GRADUATES!

Several of Sarah Hale's seniors have given us all good reason to be proud they attend our school. We recently learned that the following girls have been the recipients of several wonderful awards and honors.

Johanna Bernardo -81A, received a citation and pin for outstanding school citizenship from the Daughters of the American Revolution.

Catherine Margosian -81A, was awarded the title of Homemaker of Tomorrow by the Betty Crocker Search.

Lorraine Fiscina -81A, Catherine Margosian and Helene Nastro -81A are the proud winners of New York State Regents Scholarship Incentive Awards.

Mary Ann Yetto -81A, participated in the American Hair Fashion Conference at the Sheraton-Atlantic Hotel and won a certificate of honorable mention.

Dolores Iaci -81A, had the honor of modeling for John Fonda, a top hairstylist in the field. Also hired as models by the Hairdresser's Board of Trade of New York City were Ann Marie Ford, Arleen Morano, and Catherine Margosian.

Bessie Dotson -83A, is competing in Realistic's Scholarship and also participated in Alpha Cosmetologists Hairstyling Show.

Helene Nastro has hopes of winning the Clairol Scholarship.

Congratulations and good luck to all!!

HEALTH CAREER NEWS

M. LaCapra

Graduates Find Jobs In Their Chosen Fields

Have you ever wondered what becomes of the girls who graduate Sarah Hale? Well, Miss Kawecki and Miss Drew have recently heard from some of last June's Health Career graduates and they have some interesting news.

Patricia Clark is taking the Registered Nursing Program at Kings County Hospital. Also at Kings County is Rebecca Styles as a psychiatric aide and Bertha Mae Lee as a nurse's aide.

At Caledonia Hospital we have Patricia Bower in the Practical Nursing Program and Marguerita Quiles.

Ada Dizon, Ramonita Pagan, Monseratte Castro, Hazel Evans, Beverly Smith and Cleao Braithwaite are on the staff at Brooklyn Eye and Ear.

Rosemary Silver works in the record room at St. John's and Corinne Thomas is attending Manhattan Medical and Dental Assisting School.

Some of these graduates are planning either to enter a Practical Nursing Course or a Registered Nurses Training School.

All of us at Sarah Hale are proud of these girls. They have very important responsibilities as members of the hospital team and are performing commendably. How about your future in nursing? Are you preparing seriously to take your place?

NEVER ABSENT ?

Good Attendance Absolutely Required for Success Here

You cannot do well in school unless you attend every single day. If you are absent because of illness, it will be necessary for you to make up all the work you lost. You can do this by finding out what the homework and classwork were.

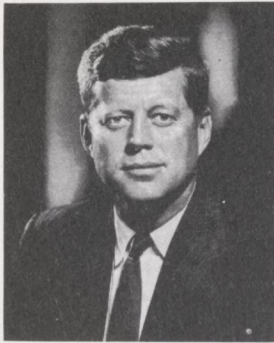

You must remember that you have chosen to attend a vocational high school. This means you will spend four periods a day in your chosen vocation and that the remaining time will be spent in academic work. Think of it—FOUR periods of work a day in your vocational work! Should you miss any of this, you will be behind. Therefore, make it a policy to come to school every day and on time.

STOP !!

*Are you using

in the hallways?*

BROTHERHOOD WEEK MESSAGE FROM THE PRESIDENT OF THE UNITED STATES

Human brotherhood is not just a goal. It is a condition on which our way of life depends. The question for our time is not whether all men are brothers. That question has been answered by the God who placed us on this earth together. The question is whether we have the strength and the will to make the brotherhood of man the guiding principle of our daily lives. Can we match our actions to our words?

We look for support and brotherhood to millions, hundreds of millions of Americans of different creeds, of different colors, who share our aspirations but sometimes are not convinced that we believe strongly in the doctrines that we preach. I believe as a nation we must be committed to these goals.

The Brotherhood of Man under the Fatherhood of God is a basic principle which has directed this nation through many years and I am confident will direct it with increasing vigor in the years to come. I urge all Americans to join a nationwide observance of Brotherhood Week.

JOHN F. KENNEDY

Honorary Chairman, Brotherhood Week

Poet's Corner

WHO AM I?

I am Brotherhood,
Where I come from, no one knows.
Because I have no special home,
I roam from pole to pole.

I live in the heart of everyone,
In all who are so bold,
Who stand with head erect,
And champion my every goal.

I live in the cities and in the
states,
And in the distant lands,
I join the nations around the
world
With my loving hands.

I open the eyes of those so blind
Of those who will not see
The right and truth of happiness,
For those who live through me.
